

# SIGNATURE CARE MANAGEMENT

## VALUE-BASED CARE CONSULTING

### BPCI-Advanced Convener

- Organization contracts with Signature, a Centers for Medicaid and Medicare Services Convener
- Organization and Signature share financial risk and reward
- CareMOSAIC IT platform, including data analytics and case management software
- Full suite of bundled payment implementation services and support, including monthly data review to assess benchmark performance of organization against national trends
- Guide the development of post-acute provider networks and surrounding community resources

### BPCI-Advanced Individual Participant

- Organization contracts with Centers for Medicaid and Medicare Services
- Organization retains full financial risk
- CareMOSAIC IT platform, including data analytics and case management software
- Completion and submission of application as well as other program deliverables, including Care Redesign Plan and quarterly CMS report submission
- Full suite of bundled payment implementation services and support, including monthly data review to assess benchmark performance of organization against national trends

### Value-Based Care Consultant

Signature's consulting team has the experience, skills, and technology to support your successful transition to value-based care models in the Medicare, commercial, self-insured employer, and other market segments.

- Value-based care program agnostic with CareMOSAIC IT Software and Account Team
- On-site implementation with staff education and training
- Continuous support via on-site meetings and monthly account team calls
- Review data analytics to assess clinical and financial opportunity
- Provide evidence-based research and best practices

### Virtual Case Management

- Remote, individualized case management
- Available with or without CareMOSAIC system
- Customized Services based on individual work flow and protocols
- Selection of candidates, interviewing, training of on-site Case Managers
- Pre-op/post-op services throughout care continuum

**Signature Care Management** can design a consulting services and support package to fit your financial and organizational needs and objectives. Our services are priced on a fixed monthly fee and/or per diem/a la carte basis.

**Call us today for a tailored proposal.**
